- (i) in circumstances in which no obligation arises for the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer; or

RISK FACTORS AND EFFECT OF PERFORMANCE OF UNDERLYING:

Investors should review carefully the Risk Factors section in Part II of the Base Prospectus and the effect of the performance of the Underlying on the Securities set out below.

The performance of the Securities is linked to the value of the Underlying over the lifetime of the Securities. In contrast with a direct investment in the Underlying, the Securities offer to the

investors the chance to receive a leveraged participation to the positive performance of the Underlying, if the following condition is satisfied. If the value of the underlying at the Valuation Date is equal or greater than a predefined level (the Strike, equal to the Initial Reference Level), investors will receive an amount equal to the Strike plus a specified leveraged proportion, being the defined Outperformance Percentage, of the extent by which the Final Reference Level exceeds the Strike, all multiplied by the Multiplier. In any case, the cash amount payable to investors will never exceed a predefined Maximum Amount.

Otherwise, if the Final Reference Level is less than the Strike, investors will receive a cash amount reflecting the value of the Underlying on the Valuation Date and will thus be exposed to decreases in value of the Underlying, which implies that they will receive no return on their investment and may suffer a loss, if the Final Reference Level is less than the Initial Reference Level. Such loss can extend to their whole initial investment where the Final Reference Level is zero.

COUNTRY SPECIFIC AND OTHER SALES INFORMATION: ITALY

Taxation

The following is a summary of current Italian law and practice relating to the taxation of the Securities. The statements herein regarding taxation are based on the laws in force in Italy as at the date of these Final Terms and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

Prospective purchasers of the Securities are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Securities.

Italian taxation of Securities

Pursuant to Article 67 of Presidential Decree No. 917 of 22 December 1986 and Legislative Decree No. 461 of 21 November 1997, as subsequently amended, where the Italian resident Securityholder is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, capital gains accrued under the sale or the exercise of the Securities are subject to a 12.5% substitute tax (imposta sostitutiva). The recipient may opt for three different taxation criteria:

(1) Under the tax declaration regime (regime della dichiarazione), which is the default regime for taxation of capital gains realised by Italian resident individuals not engaged in an entrepreneurial activity to which the Securities are connected, the imposta sostitutiva on capital gains will be chargeable, on a yearly cumulative basis, on all capital gains, net of any offsettable capital loss, realised by the Italian resident individual holding the Securities not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Securities carried out during any given tax year. Italian resident individuals holding the Securities not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay imposta sostitutiva on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

(2) As an alternative to the tax declaration regime, Italian resident individuals holding the Securities not in connection with an entrepreneurial activity may elect to pay the imposta sostitutiva separately on capital gains realised on each sale or redemption of the Securities (the "risparmio amministrato" regime provided for by Article 6 of the Legislative Decree No. 461 of 21 November 1997, as a subsequently amended, the "Decreto No. 461"). Such separate taxation of capital gains is allowed subject to (i) the Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries and (ii) an express valid election for the risparmio amministrato regime being punctually made in writing by the relevant Securityholder. The depository is responsible for accounting for imposta sostitutiva in respect of capital gains realised on each sale or redemption of the Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Securityholder or using funds provided by the Securityholder for this purpose. Under the risparmio amministrato regime, where a sale or redemption of the Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the risparmio amministrato regime, the Securityholder is not required to

declare the capital gains in the annual tax return.

(3) Any capital gains realised or accrued by Italian resident individuals holding the Securities not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Securities, to an authorised intermediary and have validly opted for the so-called "risparmio gestito" regime (regime provided for by Article 7 of the Decree No. 461) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 12.5 per cent. substitute tax, to be paid by the managing authorised intermediary. Under this *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Securityholder is not required to declare the capital gains realised in the annual tax return.

Where an Italian resident Securityholder is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the Securities are effectively connected, capital gains arising from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant Securityholder's income tax return and are therefore subject to Italian corporate tax (and, in certain circumstances, depending on the "status" of the Securityholder, also as a part of the net value of production for IRAP purposes).

Capital gains realised by non-Italian resident Securityholders are not subject to Italian taxation provided that the Securities (i) are transferred on regular markets, or (ii) if not transferred on regular markets, are held outside of Italy.

Atypical securities

In accordance with a different interpretation of current tax law, it is possible that Securities would be considered as 'atypical' securities pursuant to Article 8 of Law Decree No. 512 of 30 September 1983 as implemented by Law No. 649 of 25 November 1983. In this event, payments relating to Securities may be subject to an Italian withholding tax, levied at the rate of 27 per cent.

The 27 per cent. withholding tax mentioned above does not apply to payments made to a non-Italian resident holder of the Securities and to an Italian resident holder of the Securities which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership, or (iii) a commercial private or public institution.

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, (Decree No. 262), converted into Law No. 286 of 24 November 2006, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (i) transfers in favour of spouses and direct descendants or direct

ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding EUR 1,000,000;

- (ii) transfers in favour of relatives to the fourth degree and relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding EUR 100,000; and
- (iii) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

Transfer Tax

Article 37 of Law Decree No 248 of 31 December 2007 ("Decree No. 248"), converted into Law No. 31 of 28 February 2008, published on the Italian Official Gazette No. 51 of 29 February 2008, has abolished the Italian transfer tax, provided for by Royal Decree No. 3278 of 30 December, 1923, as amended and supplemented by the Legislative Decree No. 435 of 21 November 1997.

Following the repeal of the Italian transfer tax, as from 31 December 2007 contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarized deeds are subject to fixed registration tax at rate of EUR 168; (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

Payments made by a non-resident Guarantor

With respect to payments made to Italian resident Securityholders by a non-Italian resident guarantor, in accordance with one interpretation of Italian tax law, any such payment made by the Italian non-resident guarantor could be treated, in certain circumstances, as a payment made by the relevant Issuer and would thus be subject to the tax regime described in the previous paragraphs of this section.

EU Savings Directive

Under EC Council Directive 2003/48/EC (**EU Savings Directive**) on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State.. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to impose a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including

Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the EU Savings Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

Implementation in Italy of the EU Savings Directive

Italy has implemented the EU Savings Directive through Legislative Decree No. 84 of 18 April 2005 ("Decree No. 84"). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall not apply the withholding tax and shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

Agent in Italy

In Italy, the Agent shall be Deutsche Bank S.p.A.. The Agent shall act through its principal office in Milan being as at the Issue Date at the following address: Piazza del Calendario, 3 – 20126.

As more fully set out in the Base Prospectus, the Securities have not been and will not be registered under the United States Securities Act of 1933, as amended. Any offer or sale of the Securities must be made in a transaction exempt from the registration requirements of such Act pursuant to Regulation S thereunder. The Securities may not be offered, sold or otherwise transferred in the United States or to persons who are either U.S. persons defined as such in Regulation S of such Act or persons who do not come within the definition of a non-United States person under Rule 4.7 of the United States Commodity Exchange Act, as amended.

(1) General

The obligation described in §1 para. (1) falls due on the *Settlement Date* (as specified in the *Product Terms*) when the *Security* is duly exercised (in the case of Certificates and Warrants) or redeemed (in the case of Notes) in each case subject to §5 and §6.

(2) Exercise of Certificates and Warrants

If the Securities are Certificates or Warrants, this para. (2) shall apply:

(a) Delivery of an Exercise Notice

Each Security, unless previously redeemed or purchased and cancelled and subject as provided in the Conditions, is exercisable on any Exercise Date by delivery of an Exercise Notice at or before 10.00 a.m. Central European Time to the Principal Agent, with a copy to the relevant Clearing Agent. An Exercise Notice delivered after such time shall become effective on the following Exercise Date, if any.

As used herein:

(i) "Exercise Date" means

- if European Style has been specified to apply in the Product Terms, the day specified under the heading "Exercise Date" in the Product Terms or, if such day is not a Business Day, the next following Business Day;
- if American Style has been specified to apply in the Product Terms, each Business Day during the Exercise Period; and
- if Bermudan Style has been specified to apply in the Product Terms, each of the days specified under the heading "Exercise Date" in the Product Terms or, if any such day is not a Business Day, the next following Business Day.

(ii) "Exercise Period" is as defined in the Product Terms.

(b) Automatic Exercise

If Automatic Exercise is specified to apply in the Product Terms, the Securities will be exercised automatically on the last occurring Exercise Date, and a Securityholder will not be required to complete an Exercise Notice.

However, if Automatic Exercise has not been specified to apply in the Product Terms, any Security not exercised by the last occurring Exercise Date shall expire worthless on such day and the Issuer shall have no further obligations in respect of any such Security.

(c) Italian Securities

If the Securities are specified in the Product Terms to be Italian Securities, prior to the Renunciation Notice Cut-Off Time specified in the Product Terms, each Securityholder may renounce Automatic Exercise of the relevant Italian Security(ies) by the delivery of a duly completed renunciation notice substantially in the form set out in Annex 3 (A) or Annex 3 (B), as applicable, to the Conditions

(the "**Renouncement Notice**") in accordance with the rules of the Italian Stock Exchange, applicable from time to time, to the Agent in Italy, with a copy to the Issuer and, if the Governing Law is specified to be German Law in the Product Terms also with a copy to the Securityholder's financial intermediary account holder at Monte Titoli. Once delivered a Renouncement Notice shall be irrevocable. If a duly completed Renouncement Notice is validly delivered prior to the Renouncement Notice Cut-off Time, the relevant Securityholder will not be entitled to receive any amounts payable by the Issuer in respect of relevant Italian Securities and the Issuer shall have no further liability in respect of such Italian Securities.

Any determination as to whether a Renouncement Notice is duly completed and in proper form shall be made by the Agent in Italy and shall be conclusive and binding on the Issuer, the Agents and the relevant Securityholder. Subject as set out below, any Renouncement Notice so determined to be incomplete or not in proper form shall be null and void. If such Renouncement Notice is subsequently corrected to the satisfaction of the Agent in Italy, it shall be deemed to be a new Renouncement Notice submitted at the time such correction was delivered to the Agent in Italy.

(d) **Form of Exercise Notice**

"**Exercise Notice**" unless otherwise provided in the Final Times is a notice of a Securityholder substantially in the form set out in Annex 1 to the Conditions which declares the exercise of one or more Securities and:

- (i) specifies the number of the Securities which are the subject of such notice;
- (ii) specifies the number of the account with the relevant Clearing Agent to be debited with such Securities and irrevocably instructs and authorises the relevant Clearing Agent to debit on or before the Settlement Date such account with such Securities, and authorises the Principal Agent to so direct the relevant Clearing Agent on behalf of the relevant Securityholder;
- (iii) specifies the number of the account at the relevant Clearing Agent to be credited with any cash amounts payable;
- (iv) in the case of Physical Delivery, includes account details at each relevant Physical Delivery Clearing System ("**Delivery Details**");
- (v) includes an undertaking to pay all Securityholder Expenses in accordance with §2(5) and the aggregate Strike and any other cash amounts, if applicable, payable to the Issuer in connection with the exercise and settlement of the relevant Securities and irrevocably instructs the relevant Clearing Agent to deduct an amount(s) in respect thereof from any cash amounts due as referred to in (iii) above and/or to debit a specified account with the relevant Clearing Agent with any such amounts in each case on or after the Exercise Date, and authorises the Principal Agent to so direct the relevant Clearing Agent on behalf of the relevant Securityholder;
- (vi) certifies that neither the Securityholder nor any person on whose behalf the Securities are being exercised is a U.S. person or a person within the United States, and that no cash, and in the case of a physical delivery of an Underlying, no securities or other property have been or will be transferred in the United States or to, or for the account or benefit of, a U.S. person in connection with any exercise thereof. As used herein, "U.S. person" means

either a U.S. person as defined in Regulation S under the United States Securities Act of 1933, as amended, or a person who does not come within the definition of a non-United States person under Rule 4.7 of the United States Commodity Exchange Act, as amended; and

(vii) authorises the production of such notice in any applicable administrative or legal proceedings.

(e) **Delivery Notice**

If Automatic Exercise is specified to apply in the Product Terms and if Physical Delivery applies, unless "Delivery Notice" is specified not to apply in the Product Terms or the relevant Securities are otherwise exercised by the Securityholder, in order to obtain delivery of the Physical Delivery Amount, a duly completed Delivery Notice must be delivered by the Securityholder to the Principal Agent, with a copy to the relevant Clearing Agent at or before 10.00 a.m. Central European Time on the last occurring Exercise Date. If a Delivery Notice is delivered after such time, Physical Delivery shall occur as soon as reasonably practicable following the Settlement Date provided that if a Delivery Notice has not been so delivered and copied with respect to a Security at or prior to 10.00 a.m. Central European Time on the thirtieth calendar day after the Settlement Date, then the holder of such Security shall have no right to receive the Physical Delivery Amount in respect of such Security and the Issuer's obligation in respect of such Security shall be cancelled. "Delivery Notice" means a notice of a Securityholder substantially in the form set out in Annex 2 which is as further described in para. (3) below.

(f) **Exercise of Redemption Right and Exercise following a Knock-Out Event**

The exercise by the Issuer of the Redemption Right (if applicable) shall prevent any automatic exercise of Securities in accordance with para. (b) above but shall not prevent Securityholders from exercising Securities on any Exercise Date up to but excluding the second Business Day prior to the Redemption Date. Any delivery of an Exercise Notice on or after such Business Day shall be void. Following a Knock-Out Event, however, the Securities may no longer be exercised either automatically or by delivery of an Exercise Notice.

(g) **Minimum or Maximum Exercise Amount**

Where a Minimum Exercise Amount has been specified to apply in the Product Terms, the number of Securities exercised on any Exercise Date by a Securityholder, as determined by the Calculation Agent, must not be less than such Minimum Exercise Amount or, if a number in excess of the Minimum Exercise Amount and if an Integral Exercise Amount has been specified in the Product Terms, an integral multiple of the Integral Exercise Amount. Any purported exercise of Securities in breach of this provision shall be void and of no effect.

Where a Maximum Exercise Amount has been specified in the Product Terms, if the Calculation Agent determines that the number of Securities being exercised on any Exercise Date by any Securityholder or a group of Securityholders (whether or not acting in concert) exceeds such Maximum Exercise Amount (a number equal to the Maximum Exercise Amount being the "**Quota**"), the Issuer may deem the Exercise Date for the first Quota of such Securities, selected on the basis of the chronological order in which the relevant Exercise Notices have been delivered, to be such day and the Exercise Date for each additional Quota of such Securities (and any remaining number thereof), selected in the same way as above, to be each of the

succeeding Exercise Dates until all such Securities have been attributed with an Exercise Date, provided, however, that for any such Securities for which the Exercise Date would thereby fall after the last occurring Exercise Date, such last occurring Exercise Date shall be the Exercise Date. In any case where more than the Quota of Securities are exercised on the same day by Securityholder(s), the determination of the chronological order of settlement in respect of such Securities shall be at the reasonable discretion of the Issuer.

As used herein:

- (i) **"Integral Exercise Amount"** is as specified in the Product Terms.
- (ii) **"Maximum Exercise Amount"** is as specified in the Product Terms.
- (iii) **"Minimum Exercise Amount"** is as specified in the Product Terms.

(3) **Redemption of Notes**

If the Securities are Notes and if it is specified in the Product Terms that a Securityholder may elect either Cash Settlement or Physical Delivery, in order to obtain delivery of the Physical Delivery Amount in respect of a Security, the Securityholder must deliver to the Principal Agent, with a copy to the relevant Clearing Agent, not later than the close of business in each place of receipt on the Cut-off Date specified in the Product Terms, a duly completed Delivery Notice. If a Delivery Notice is delivered after such time, Physical Delivery shall occur as soon as reasonably practicable following the Settlement Date provided that if a Delivery Notice has not been so delivered and copied with respect to a Security by close of business in each place of receipt on the thirtieth calendar day after the Settlement Date, then the holder of such Security shall have no right to receive the Physical Delivery Amount in respect of such Security and the Issuer's obligation in respect of such Security shall be cancelled.

As used herein:

- (a) **"Cut-off Date"** is as specified in the Product Terms.
- (b) **"Delivery Notice"** unless otherwise provided in the Final Times is a notice of a Securityholder substantially in the form set out in Annex 2 to the Conditions which:
 - (i) specifies the number of the Securities which are the subject of such notice;
 - (ii) specifies the number of the account with the relevant Clearing Agent to be debited with such Securities and irrevocably instructs and authorises the relevant Clearing Agent to debit on or before the Settlement Date such account with such Securities, and authorises the Principal Agent to so direct the relevant Clearing Agent on behalf of the relevant Securityholder;
 - (iii) includes account details at each relevant Physical Delivery Clearing System ("**Delivery Details**");
 - (iv) specifies the number of the account at the relevant Clearing Agent to be credited with any cash amounts payable;
 - (v) includes an undertaking to pay all Securityholder Expenses and any other cash amounts, if applicable, in accordance with §2(5) payable to the Issuer in connection with the exercise and/or settlement of the relevant Securities and irrevocably instructs the relevant Clearing Agent to deduct an amount(s)

in respect thereof from any cash amounts due as referred to in (iv) above and/or to debit a specified account with the relevant Clearing Agent with any such amounts in each case on or after the Exercise Date (in the case of Warrants or Certificates) or the Cut-off Date (in the case of Notes), and authorises the Principal Agent to so direct the relevant Clearing Agent on behalf of the relevant Securityholder;

- (vi) certifies that neither the Securityholder nor any person on whose behalf the Securities are held or are being exercised or redeemed is a U.S. person or a person within the United States, and that no cash, and in the case of a physical delivery of an Underlying, no securities or other property have been or will be transferred in the United States or to, or for the account or benefit of, a U.S. person in connection with any exercise or redemption thereof. As used herein, "U.S. person" means either a U.S. person as defined in Regulation S under the United States Securities Act of 1933, as amended, or a person who does not come within the definition of a non-United States person under Rule 4.7 of the United States Commodity Exchange Act, as amended; and
- (vii) authorises the production of such notice in any applicable administrative or legal proceedings.

(4) **Redemption Right of Issuer**

- (a) If Redemption Right has been specified to apply in the Product Terms, the Issuer has the unconditional and irrevocable right (a "**Redemption Right**"), upon delivery of a Redemption Notice by the Issuer, to redeem the Securities in whole, but not in part on the Redemption Date at the Cash Amount in respect of each Security.
- (b) As used herein:
 - (i) "**Redemption Notice**" means an irrevocable notice given by the Issuer to the Securityholders in accordance with §16 that the Issuer will exercise its Redemption Right, which notice shall specify the date on which the redemption becomes effective (the "**Redemption Date**"), provided that if a Redemption Period is specified in the Redemption Notice, such date shall be within the Redemption Period, and shall not be earlier than the Redemption Notice Time Span following but excluding the date on which the Redemption Notice is deemed delivered in accordance with §16 and provided further that if such date is not a Business Day, then the Redemption Date will be the immediately succeeding Business Day. The exercise by the Issuer of the Redemption Right shall not preclude Securityholders from selling or transferring or, if applicable, exercising the Securities which exercise, sale or transfer, as the case may be, is effective on any day up to but excluding the second Business Day immediately preceding the Redemption Date.
 - (ii) "**Redemption Notice Time Span**" is as defined in the Product Terms or, if not defined therein, is 12 months.
 - (iii) "**Redemption Period**" is as defined in the Product Terms.

(5) **Conditions to Payment or Delivery**

The obligation of the Issuer to make payment or delivery is subject to prior full payment of any amount due to be paid by the Securityholder to the Issuer pursuant to the Conditions.

In particular, such due amount includes any applicable Securityholder Expenses and, if the Security is specified to be a Warrant and Physical Delivery applies, the Strike as specified in the Product Terms. Any due amount will, as far as covered by a cash amount(s) to be paid according to the Conditions, be directly subtracted from such cash amount(s). As long as a due amount has not been settled by a Securityholder, no payment or delivery shall be made by the Issuer under the Securities to such Securityholder.

As used herein:

"Securityholder Expenses" means, in respect of a Security, all taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising in connection with the exercise of such Security and/or any payment and/or delivery due following exercise or otherwise in respect of such Security.

§3 Settlement

For the avoidance of doubt, where the Securities are Certificates or Warrants, the provisions of this §3 are only applicable to the extent that the relevant Certificates or Warrants have been duly exercised in accordance with the provisions of §2(2).

(1) Taxation, other laws and regulations

All payments and/or deliveries will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment and/or delivery (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax, duty or other charge whatsoever).

(2) Settlement Currency Conversion

Any cash amount payable by the Issuer shall be paid in the Settlement Currency. If payment of any amount to a Securityholder, according to the rules of the relevant Clearing Agent, cannot be made in the Settlement Currency, such payment shall be made in the currency principally used by the relevant Clearing Agent for payments to holders holding accounts with such Clearing Agent, following a conversion of the relevant amount from the Settlement Currency, using a rate of exchange determined by the Calculation Agent by reference to such sources as the Calculation Agent may reasonably determine to be appropriate for such conversion.

(3) Settlement / Payment details

Any cash amounts payable by the Issuer shall be transferred to the relevant Clearing Agent for distribution to the Securityholders.

The Issuer will be discharged of its payment and/or delivery obligations by payment and/or delivery to, or to the order of, the relevant Clearing Agent or Physical Delivery Clearing System in respect of the amount so paid or delivered.

(4) In the case of Notes, the Cash Amount is payable as consideration for the use of the Nominal Amount and as compensation in recognition that the Cash Amount might otherwise have been less than the Nominal Amount.

(5) Verification

Each payment and/or delivery is subject to reasonable satisfactory evidence being provided of the relevant Securityholder's holding of the Securities.

(6) Payment Day

(a) If any date for payment of any amount by the Issuer in respect of any Security is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.

(b) As used herein, a "**Payment Day**" means a day which is (i) a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the city where the Principal Agent is located and the Payment Day Location(s), if specified in the Product Terms; (ii) a day on which each Clearing Agent is open for business; and (iii) either (1) in relation

to any sum payable in a currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of such currency or (2) in relation to any sum payable in euro, a day that the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System is open.

(7) **General**

Without prejudice to para. (8) below, the purchase and/or holding of the Securities does not confer on any Securityholder any rights (whether in respect of voting, distributions or otherwise) in relation to the Underlying, any asset of any kind whatsoever by reference to which any amount due under the Securities is calculated, or (prior to delivery, if applicable) any asset to be delivered under the Securities.

(8) **Distribution**

Any dividend, coupon, interest or similar payment or distribution (each, a "**Distribution**") in respect of any amount to be delivered will be payable to the party that would receive such Distribution according to market practice for a sale of the relevant amount executed for settlement on the Settlement Date, as specified in the Product Terms, and to be delivered in the same manner as such amount. Any such Distribution to be paid to a Securityholder shall be paid to the Clearing Agent for distribution to the Securityholders.

(9) **Deliveries**

Any deliveries due under the Securities shall be made at the risk of the relevant Securityholder and shall be transferred to the relevant Physical Delivery Clearing System(s) for delivery to the relevant Securityholder, provided that where the Issuer determines in its reasonable discretion that the delivery is fully or partly impractical, illegal or unduly onerous to the Issuer, then the Issuer shall have the option to make the delivery in such other commercially reasonable manner as the Issuer may determine to be appropriate for such delivery and shall notify the Securityholders in accordance with §16. The amount to be delivered shall be evidenced in such manner as the Issuer determines to be customary for the relevant amount. The Issuer shall be under no obligation to register or procure the registration of any Securityholder or any other person as the registered holder in respect of the amount to be delivered in any register of holders, including, but not limited to, a register of members of a share company.

(10) **Settlement Disruption**

If and to the extent that any delivery becomes due under a Security and (i) if the Settlement Date is not a Business Day and/or (ii) prior to such delivery an event beyond the control of the Issuer occurs as a result of which the Issuer cannot make such delivery in accordance with such market method as it has elected at the relevant time for such delivery (a "**Settlement Disruption Event**"), then the Settlement Date for such delivery shall be postponed to the first following Business Day on which no such event is subsisting. For the avoidance of doubt, the provision of this §3(10) shall apply only to Securities affected as described in (i) and/or (ii) above.

For so long as the Settlement Disruption Event is subsisting, then in lieu of the affected delivery and notwithstanding any other provision hereof the Issuer may elect in its reasonable discretion to satisfy this obligation in respect of the relevant Security by payment of the Market Value of such Security taking into account any amounts already delivered or payments already made and the value of the remaining amount(s) which would

otherwise be delivered or paid as shall be determined by the Issuer, less a Security's proportionate share of the direct and indirect cost to the Issuer of unwinding any underlying related Hedging Arrangements (such amount the "**Disruption Settlement Amount**"), not later than on the third Business Day following the date that notice of such election is given in accordance with §16. Payment of the Disruption Settlement Amount will be made in such manner as will be notified in accordance with §16. The Calculation Agent shall give notice as soon as practicable in accordance with §16 that a Settlement Disruption Event has occurred.

No Securityholder or any other person shall be entitled to any payment in respect of a Security as a result of any delay in a delivery due to the occurrence of a Settlement Disruption Event, and no liability in respect thereof shall attach to the Issuer.

As used herein, and, if applicable, other Conditions:

"**Market Value**", in relation to a Security, means the fair market value of such Security as determined by the Calculation Agent, by reference to such factor(s) as it determines appropriate at the relevant time and which may include the following, without limitation:

- (a) any relevant quotations or other relevant market data in the relevant market(s) which may include relevant rates, prices, yields, yield curves, volatilities, spreads, correlations and any options or other derivative pricing model;
- (b) information of the type described in (a) above from internal sources of the Issuer or any of its Affiliates if that information is of a type used by the Issuer in its regular course of business for the valuation of similar instruments as the Securities.

Where the relevant Securities provide for any minimum amount(s) of cash or assets to be payable or deliverable this shall be taken into account in determining the Market Value. However, the Calculation Agent shall reduce (i.e. discount) the value of such amounts in determining the Market Value to take into account the length of time remaining to the first possible date on which such amount(s) could otherwise first have been payable or deliverable. Such discounting may be determined by reference to information as set out in (a) and/or (b) above which may include risk free rate(s).

The Calculation Agent shall also take into account appropriate values for any other amount which would or could otherwise have been payable or deliverable under the relevant Securities. This may include the element of the return on the Securities determined by reference to the Underlying (i.e. the derivative element). The relevant value for this element of the Securities may be determined by reference to the cost at the relevant time of entering into a transaction to provide similar amounts.

Notwithstanding the foregoing, each of the above determinations will be made without taking into account the creditworthiness of the Issuer at the time of early termination. This means that no reduction shall be made in the Market Value to take account of the perceived ability of the Issuer to make any payment at the time of early termination.

(11) **Intervening Period**

With regard to any delivery that is due under the Securities, for such period of time after the Settlement Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the amount to be delivered (the "**Intervening Period**"), neither the Issuer nor any other person shall (i) be under any obligation to deliver or procure delivery to the relevant Securityholder or any subsequent beneficial owner of such amount to be delivered or any other person any letter, certificate, notice, circular or any other document or payment

whatsoever received by that person in its capacity as the holder of such amount; (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such amount during the Intervening Period; or (iii) be under any liability to the relevant Securityholder or any subsequent beneficial owner of such amount or any other person in respect of any loss or damage which the relevant Securityholder or subsequent beneficial owner or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or any other such person being the legal owner of such amount during such Intervening Period.

(12) **Liability (Settlement Risk)**

Exercise, settlement and redemption of, and any payment and/or delivery in respect of, the Securities is subject to all applicable laws, regulations and practices in force at all relevant times, and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

§4 Coupon

(1) Coupon Payment

- (a) Unless Coupon Payment is specified to apply in the Product Terms, the Securities bear no coupon and pay no periodic amounts.
- (b) If Coupon Payment is specified to apply in the Product Terms, the Issuer shall, on each Coupon Payment Date, pay the relevant Coupon Amount. The Coupon Amount (if any) is payable as consideration for the use of the Nominal Amount in respect of a Security and as compensation in recognition that the Coupon Amount on any or all of the Coupon Payment Dates may be equal to zero or less than a commercial rate of return on the Securities and/or that the Cash Amount and/or value of the Physical Delivery Amount may be less than the Nominal Amount. For the avoidance of doubt, in the event that the Coupon Amount for a Coupon Payment Date is zero, no amount shall be payable by the Issuer in respect of such Coupon Payment Date.
- (c) If a Coupon Rate is specified in the Product Terms and a Coupon Amount is required to be calculated for a period ending other than on (but excluding) a Coupon Payment Date, such Coupon Amount will be calculated on the basis of the number of days in the Coupon Period, and, if specified, the Coupon Rate applicable to such period (or if no such Coupon Rate is specified in the Product Terms, the interest rate which the Calculation Agent determines would apply to a deposit of the Nominal Amount for the relevant period with a commercial bank determined by the Calculation Agent at the relevant time) and the Coupon Rate Day Count Fraction. If Coupon Payment is specified in the Product Terms, the Coupon Amount(s) shall be the only periodic amount(s) payable for the Security, and no interest shall accrue in respect of the Securities.

(2) Accrual of Coupon

Coupon Amounts shall cease to be payable from and including the Coupon Cessation Date. Other than the Coupon Amount no periodic amount is payable for the Securities. In addition no interest shall accrue in respect of the Securities whether by reason of late payment of a Coupon Amount or otherwise.

(3) Definitions in respect of §4 and, if applicable, other Conditions:

Coupon Payment

- (a) "**Nominal Amount**" is as defined in the Product Terms.
- (b) "**Coupon Payment Date**" means each day specified to be an Coupon Payment Date in the Product Terms.
- (c) "**Coupon Cessation Date**" is as specified in the Product Terms.
- (d) "**Coupon Amount**" means, in respect of each Nominal Amount, an amount calculated by the Calculation Agent as specified under "Coupon Amount" in the Product Terms or, if not specified there, calculated as follows:

Nominal Amount x Coupon Rate x (if specified in the Product Terms) Coupon Rate Day Count Fraction

Each Coupon Amount will be rounded to the nearest two decimal places in the Settlement Currency, with 0.005 being rounded downwards or if the Settlement Currency is Japanese yen, rounded down to the nearest yen.

- (e) "**Coupon Rate**" is as defined in the Product Terms.
- (f) "**Coupon Rate Day Count Fraction**" means a fraction being any of the following as specified in the Product Terms:

 - (ii) the actual number of days in the Coupon Period divided by 365;
 - (iii) the actual number of days in the Coupon Period divided by 360;
 - (iv) the number of days in the Coupon Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 months each comprising 30 days (unless (A) the last day of the Coupon Period is the 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a month comprising 30 days or (B) the last day of the Coupon Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a month comprising 30 days)); or
 - (v) the number of days in the Coupon Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 months each comprising 30 days, without regard to the date of the first day or last day of the Coupon Period unless, in the case of a Coupon Period ending on the Settlement Date, the Settlement Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a month comprising 30 days).
- (g) "**Coupon Period**" means, unless otherwise specified within the Product Terms, the period commencing on (and including) (x) the Business Day succeeding the Primary Market End Date or, (y) if no Primary Market End Date is specified in the Product Terms, the Issue Date, to (but excluding) the first Coupon Payment Date, and (where there is more than one Coupon Period) each period commencing on (and including) a Coupon Payment Date to (but excluding) the next following Coupon Payment Date and, if any Coupon Amount is required to be calculated for a period ending other than on (but excluding) the relevant Coupon Payment Date, the period commencing on and including the most recent Coupon Payment Date (or if none (x) the Business Day succeeding the Primary Market End Date or, (y) if no Primary Market End Date is specified in the Product Terms, the Issue Date) to but excluding the relevant payment date.
- (h) "**Issue Date**" is as defined in the Product Terms being the date on which the Securities are first issued.
- (i) "**Primary Market End Date**" is as defined in the Product Terms.

§5 Market Disruptions and non-Trading Day

(1) Consequences of Market Disruption and non-Trading Day

A Market Disruption or a day not being a Trading Day may affect the valuation of a Reference Item or Hedging Arrangements of the Issuer in an unintended way. It is therefore necessary when a Market Disruption occurs or a day is not a Trading Day for the valuation of the Reference Item to be adjusted as follows:

- (a) if any day in respect of which the Calculation Agent is required to determine the price or level of a Reference Item for the purposes of §1 or §4 or otherwise as set out in the Product Terms is not a Trading Day (with the meaning given above), the relevant price or level shall be determined on the first succeeding Trading Day, subject as provided below. Any such day for determination is referred to as a "**Scheduled Valuation Date**";
- (b) if, in the opinion of the Calculation Agent, on any Scheduled Valuation Date (including, if any Observation Date(s) occurring on a daily basis is specified in the Product Terms, the last occurring Observation Date but excluding any other such Observation Date(s) on which a Market Disruption exists, and for such other Observation Dates affected by a Market Disruption the relevant Observation Date determination shall not be made), a Market Disruption has occurred in relation to any Reference Item:
 - (i) subject to Sub-Clause (ii) below:
 - 1. if Separate Reference Item Determination is not specified to apply in the Product Terms, all determinations on such Scheduled Valuation Date for all the Reference Items (including the affected Reference Item) shall be deferred to the first succeeding Trading Day on which there is no Market Disruption for any Reference Items; or
 - 2. if (x) the Underlying is not specified to be a Basket or (y) the Underlying is specified to be a Basket in the Product Terms and Separate Reference Item Determination is specified to apply in the Product Terms, the determination on such Scheduled Valuation Date for any affected Reference Item only shall be deferred to the first succeeding Trading Day on which there is no Market Disruption for such Reference Item,

provided that in each case if such first succeeding Trading Day has not occurred by the Ultimate Trading Day following the Scheduled Valuation Date the Calculation Agent shall in its reasonable discretion determine the price or level of each undetermined Reference Item as of the Ultimate Trading Day following the Scheduled Valuation Date which in the case of a Reference Item for which a Market Disruption then exists shall be such price or level that it determines would have prevailed but for the occurrence of a Market Disruption, having regard to the then prevailing market conditions, the last reported, published or traded level or price of the Reference Item, if applicable in accordance with the formula for and method of calculating the price or level of the Reference Item last in effect prior to the occurrence of the Market Disruption. The Calculation Agent shall give notice of any such determination as soon as reasonably practicable in accordance with §16; and

- (ii) if Averaging is specified to apply in the Product Terms and (A) this §5(1)(b)(ii) is specified to apply in the Product Terms, the first succeeding Trading Day referred to in (a) or (b) above shall be the first succeeding Trading Day which is not itself a day on which the price or level of the relevant affected Reference Item is to be determined for the purpose of calculating an average price or level and on which a Market Disruption does not occur but in each case subject to the provisions applicable on the Ultimate Trading Day following the Scheduled Valuation Date in the manner set out in Sub-Clause (b)(i) above, or (B) this §5(1)(b)(ii) is specified not to apply in the Product Terms, the determination for the relevant Scheduled Valuation Date shall be deferred to the relevant Averaging Disruption Date as provided in the Product Terms.

For the purposes of this §5(1) if the Underlying is specified to be a Basket in the Product Terms and Separate Reference Item Determination is specified to be applicable in the Product Terms, then, subject as provided below, all references to a Trading Day shall be construed as references to a day which is a Trading Day determined as if the relevant Reference Item was the only Underlying and, for the purposes of determining whether a Market Disruption has occurred on any day, §5(4) below shall be applied separately in relation to each Reference Item and references therein to a Trading Day shall be construed as being a Trading Day determined as specified above in relation only to the relevant Reference Item Provided That where it is necessary to calculate a value or level for each Reference Item on any Trading Day for the purposes of the Product Terms then such Trading Day is required to be a day which is a Trading Day for all Reference Items.

As used here in:

- (c) "**Observation Date(s)**" is as specified in the Product Terms.

(2) **Rate Determination**

Where the Underlying or a Reference Item is an interest rate or if a Coupon Rate is to be determined by reference to one or more interest rates (each an "**Interest Rate**") for the purpose of calculating an obligation due under §1 or §4, unless otherwise specified in the Product Terms, the following provisions shall apply. If on any relevant day it is not possible, for reasons beyond the reasonable control of the Calculation Agent, to determine the relevant Coupon Rate by reference to the relevant Interest Rate(s) according to the rules or normal or accepted procedures for the determination of such Interest Rate(s) (whether due to non-publication of a price or value or otherwise), each affected Interest Rate will be determined on the basis of the rates at which deposits in the relevant currency for such rate are offered by the Reference Banks at or about the Market Relevant Time, on that day to prime banks in the Relevant Market for a period of the Designated Maturity commencing on that day and for a Representative Amount. The Calculation Agent will request the principal office in the Relevant Market of each of the Reference Banks to provide a quotation of its rate. If at least two quotations are provided as requested, the relevant Interest Rate for that day will be the arithmetic mean of the quotations. If fewer than two quotations are provided as requested, the relevant Interest Rate for such day will be the arithmetic mean of the rates quoted by major banks in the Substitute Market, selected by the Calculation Agent, at the Relevant Time on that day for loans in the relevant currency for such Interest Rate to leading European banks for a period of the Designated Maturity commencing on that day and for a Representative Amount.

(3) **Definitions in respect of §5(2) and, if applicable, other Conditions:**

- (a) if the Reference Source for a Reference Item or Relevant Reference Item is an exchange, a trading system or a quotation system as determined by the Calculation Agent:
 - (i) the failure of a relevant Related Exchange or Reference Source, to open for trading during its regular trading session on any Trading Day; or

- (c) if the Reference Item is specified to be an "Emerging Market Underlying" in the Product Terms:

- (i) where the Reference Currency for a Reference Item is different from the Settlement Currency, the occurrence at any time of an event which the Calculation Agent determines would have the effect of preventing, restricting or delaying the Issuer and/or any Hedging Party from:
 1. converting the Reference Currency into the Settlement Currency through customary legal channels or transferring within or from any Relevant Country either currency, due to the imposition by such Relevant Country of any controls restricting or prohibiting such conversion or transfer, as the case may be;
 2. converting the Reference Currency into the Settlement Currency at a rate at least as favourable as the rate for domestic institutions located in any Relevant Country;
 3. delivering the Reference Currency or Settlement Currency from accounts inside any Relevant Country to accounts outside such Relevant Country; or
 4. transferring the Reference Currency or Settlement Currency between accounts inside any Relevant Country or to a party that is a non-resident of such Relevant Country; or

An indirect investment might be made by an Affiliate or agent of the Issuer or other third party making an investment in the Underlying. Alternatively an indirect investment might involve the Issuer or an Affiliate, agent or other third party entering into or acquiring a derivative contract referencing the Underlying. The Issuer will select Hedging Arrangements which are efficient for it in the context of the tax, regulatory and business environment in which it operates. §6 Adjustment Events and Adjustment/Termination Events

(1) Adjustment Events

The occurrence of any of the following events set out under "General" or "Specific" below, in each case, in respect of a Reference Item (as specified in the Product Terms under the heading "Underlying") shall constitute an "**Adjustment Event**":

General:

- (a) an event occurs which materially affects or may materially affect the theoretical economic value of such Reference Item or which has or may have an economic, dilutive or concentrative effect on the theoretical economic value of such Reference Item;
- (b) an event occurs that materially disrupts the economic link between the value of such Reference Item and the Securities subsisting immediately prior to the occurrence of such event; and/or
- (c) a Reference Item, or the underlying constituent(s) or reference basis(es) for any Reference Item, is materially modified; and/or

Specific:

any of the events or circumstances specified as Adjustment Events in para. (5) below.

The occurrence of any such Adjustment Event may materially affect the cost of maintaining the Securities or Hedging Arrangements for the Securities or the economic equivalence of the Securities, in each case before and after the occurrence of such event in a way which has not been reflected in the pricing of the Securities.

*As a result the Issuer shall be entitled to make adjustments to the Conditions following the occurrence of any such Adjustment Event as set out in para. (2) below or if it determines that it is not able to make an appropriate adjustment pursuant to para. (2) below may elect to treat the Adjustment Event as an Adjustment/Termination Event under para. (3) below. See para. (3)(c) below. **This is part of the economic risk Securityholders bear when investing in the Securities and the basis on which the Securities are priced.***

For the avoidance of doubt, an event or circumstance may at the same time qualify as an Adjustment Event under more than one of the above items (a)-(d) and each of the Adjustment Events in relation to a Reference Item set out in paragraph (5) below shall constitute an Adjustment Event.

(2) Consequences of an Adjustment Event

Following the occurrence of an Adjustment Event the Calculation Agent may make such adjustments to the Conditions as it, in its reasonable discretion, determines necessary or appropriate in order to account for the effect of such Adjustment Event and/or to preserve as nearly as practicable the economic equivalence of the Securities before and after the occurrence of such Adjustment Event and the economic link between the Underlying and the Securities and/or to enable it to maintain its Hedging Arrangements (as applicable), and will determine when these adjustments become effective. This may include, without limitation, where the Underlying, or the relevant Reference Item, is an index (in each case as specified under the heading "Underlying" in the Product Terms) determining the level of that index on that date using, in lieu of a published level for that index, the level for that

index as at that date as determined by the Calculation Agent in accordance with the formula for and method of calculating that index last in effect prior to the relevant Adjustment Event but using only those Relevant Reference Items that comprised that index immediately prior to the event.

Such adjustments may take into account and pass on to Securityholders any increased direct or indirect cost to the Issuer as a result of or in connection with the relevant Adjustment Event including, without limitation, any tax, duty, withholding, deduction or other charge whatsoever (including but not limited to a change in tax consequences) for the Issuer. Such change in tax consequences may include, but is not limited to, any changes resulting from Hedging Arrangements of the Issuer in relation to the Securities.

The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such event made by a Related Exchange to options or futures contracts on the relevant Reference Item traded on that Related Exchange. Any adjustment may take into account, as the Calculation Agent deems appropriate, any tax, duty, withholding, deduction or other charge whatsoever (including but not limited to a change in tax consequences) for the Issuer as a result of the Adjustment Event.

Upon making any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Securityholders in accordance with §16, stating the adjustment made to the Conditions and giving brief details of the relevant Adjustment Event.

(3) **Adjustment/Termination Event**

The occurrence of any of the following events set out under "General" or "Specific" below, in each case, in respect of (i) the Securities; (ii) any Hedging Arrangements in respect of the Securities, or (iii) a Reference Item (as specified in the Product Terms under the heading "Underlying") shall constitute an **"Adjustment/Termination Event"**:

General:

- (a) an event occurs which materially affects the method by which the Calculation Agent determines the level or price of any Reference Item or the ability of the Calculation Agent to determine the level or price of any Reference Item;
- (b) a Reference Item is materially modified or affected, whether as a result of a de-listing, merger event, tender offer, termination, redemption, insolvency, nationalisation, a material change in the formula or method for calculating such Reference Item or a material change in its investment guidelines, policies, strategy, management or constitutional documents or any other event which the Calculation Agent determines, in its reasonable discretion, constitutes a material modification of or materially affects a Reference Item;
- (c) an Adjustment Event has occurred in respect of which the Calculation Agent determines that it is not able to make an appropriate adjustment pursuant to §6(2) above;
- (d) the Issuer determines that:
 - (i) the performance of its obligations under the Securities has or will become illegal or not reasonably practical in whole or in part, or such performance would incur materially increased direct or indirect costs, taxes, duties or expenses (as compared to the position on the Issue Date); or

- (ii) it is or will become illegal or not reasonably practical for the Issuer to acquire, establish, re-establish, substitute, maintain, unwind or dispose of its Hedging Arrangements with respect to the Securities, in whole or in part, or the Issuer will incur materially increased direct or indirect costs, taxes, duties or expenses or fees in acquiring, establishing, re-establishing, substituting, maintaining, unwinding or disposing of its Hedging Arrangements (as compared to the position on the Issue Date), including, without limitation, due to any increase in tax liability, decrease in tax benefits or other adverse effect on the tax position of the Issuer,

(without limitation the Issuer may determine this in circumstances where there is a change in applicable law or regulation (including without limitation, any tax law) in any relevant jurisdiction or interpretation by any court, tribunal or regulatory authority of any such relevant law or regulation (including any action taken by a taxing authority), a decline in the number of appropriate third parties with whom to contract or with whom to contract on reasonable terms in relation to any Reference Item, a material lack of liquidity in the market for any shares, options, instruments or other assets typically used for offsetting risk in relation to a Reference Item);

- (e) the Issuer determines that it is unable, after using commercially reasonable efforts, to realise, recover or remit the proceeds of any Hedging Arrangement(s);
- (f) the Issuer determines, at any time, that a Market Disruption exists on any Ultimate Trading Day pursuant to §5 and that any valuation methods provided in §5 for this case would not be appropriate for the purposes of making the relevant calculation, and the Issuer then elects to treat such Market Disruption as an Adjustment/Termination Event;
- (g) a force majeure event occurs. For these purposes force majeure event means an event or circumstance which prevents or materially affects the performance of the Issuer's obligations and may include a system failure, fire, building evacuation, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labour disruption or any similar intervening circumstances; and/or
- (h) liquidity or market conditions in relation to any Reference Item (including the trading of any Reference Item) are materially adversely affected other than where this leads to a Market Disruption; and/or

Specific:

any of events or circumstances specified as Adjustment/Termination Events in para. (5) below.

*The occurrence of any Adjustment/Termination Event may have the result that the Issuer is either not able to continue to perform its obligations under the Securities or to maintain its Hedging Arrangements or will incur increased costs, taxes, expenses or impracticality in so doing, and such increased costs, taxes, expenses or impracticality have not been reflected in the pricing of the Securities. As a result the Issuer shall be entitled to make adjustments to the Conditions or to substitute a Reference Item or to cancel and terminate the Securities following the occurrence of any such Adjustment/Termination as set out in para. (4) below. **This is part of the economic risk Securityholders bear when investing in the Securities and the basis on which the Securities are priced.***

For the avoidance of doubt, an event or circumstance may at the same time qualify as an Adjustment/Termination Event under more than one of the above items (a)-(i) and each of

the Adjustment/Termination Events in relation to a Reference Item set out in paragraph (5) below shall constitute an Adjustment/Termination Event.

(4) **Consequences of an Adjustment/Termination Event:**

Following the occurrence of an Adjustment/Termination Event, the Calculation Agent may take any of the following actions. **In particular, it should be noted that para. (c) below allows a termination and cancellation of the Securities:**

- (a) other than in respect of an Adjustment/Termination Event in § 6(3)(c) above, the Calculation Agent may make such adjustments to the Conditions as it, in its reasonable discretion, determines necessary or appropriate in order to account for the effect of such Adjustment/Termination Event and/or to preserve as nearly as practicable the economic equivalence of the Securities before and after the occurrence of such Adjustment/Termination Event and the economic link between the Underlying and the Securities and/or to enable it to maintain its Hedging Arrangements (as applicable) and determine when these adjustments become effective. This may include, without limitation, where the Underlying, or the relevant Reference Item, is an index (in each case as specified under the heading "Underlying" in the Product Terms) determining the level of that index on that date using, in lieu of a published level for that index, the level for that index as at that date as determined by the Calculation Agent in accordance with the formula for and method of calculating that index last in effect prior to the relevant Adjustment/Termination Event but using only those Relevant Reference Items that comprised that index immediately prior to the event.

Such adjustments may take into account and pass on to Securityholders any increased direct or indirect cost to the Issuer as a result of or in connection with the relevant Adjustment/Termination Event including, without limitation, any tax, duty, withholding, deduction or other charge whatsoever (including but not limited to a change in tax consequences) for the Issuer. Such change in tax consequences may include, but is not limited to, any changes resulting from any Hedging Arrangements of the Issuer in relation to the Securities.

The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such event made by a Related Exchange to options or futures contracts on the relevant Reference Item traded on that Related Exchange or the adjustments that would follow from the rules and precedents set by an exchange or trading system or quotation system to account for the relevant Adjustment/Termination Event that in the determination of the Calculation Agent would have given rise to an adjustment by the exchange or trading system or quotation system if such options or futures contracts were traded thereon;

- (b) if Underlying Replacement has been specified to apply in the Product Terms, the Calculation Agent may substitute the relevant Reference Item affected by the Adjustment/Termination Event with a Replacement Asset, as specified in the Product Terms, on or after the effective date of such Adjustment/Termination Event. However, if the relevant Adjustment/Termination Event is a Merger Event and the consideration granted for the relevant Reference Item as part of the Merger Event consists of assets other than cash that are not already included in the Underlying, as specified under the heading "Underlying" in the Product Terms, then the Calculation Agent may at its option adjust the Underlying to include the relevant quantity (determined with regard to the economic terms of the Securities) of such assets to which a holder of the Reference Item would be entitled prior to the

occurrence of the Merger Event. The Calculation Agent shall make such adjustments to the Conditions as it in its reasonable discretion deems appropriate to account for such substitution or additional assets; or

- (c) **If the Calculation Agent is not able to or elects not to determine or effect an appropriate adjustment pursuant to §6(4)(a) or (b) above, the Securities may be terminated and cancelled by the Issuer giving notice to Securityholders as soon as practicable in accordance with §16, which notice shall contain brief details of the Adjustment/Termination Event. If the Securities are so terminated and cancelled, the Issuer will, if and to the extent permitted by applicable law, pay an amount to each Securityholder in respect of each Security held by such Securityholder which amount shall be the Market Value of a Security taking into account the relevant Adjustment/Termination Event, less a Security's proportionate share of the direct and indirect cost to the Issuer of unwinding any underlying related Hedging Arrangements, all as determined by the Calculation Agent in its reasonable discretion. Payment will be made in such manner as shall be notified to the Securityholders in accordance with §16.**

The Calculation Agent shall, as soon as practicable after receipt of any written request from a Securityholder to do so, advise such Securityholder of any determination made by it pursuant to this §6 which occurs on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Securityholders copies of any such determinations.

(1) Form

(a) General

Unless paragraphs (b), (c), (d) or (e) below apply, the Securities governed by the Conditions are represented by a global security (the "**Global Security**") which will, if deposited with a Clearing Agent in Germany, be in bearer form for the purposes of German law. The Global Security has been deposited with a Clearing Agent. No definitive Securities will be issued.

Unless paragraphs (b), (c), (d) or (e) below apply where Multi-Series is stated to be applicable in the Product Terms, each Series shall be represented by a separate Global Security. These General Conditions shall be deemed to apply to each Series separately and references to Securities and related expressions in these General Conditions shall be deemed to be references to the relevant Series.

The Product Terms of each Series of Securities will be attached to the relevant Global Security which will be marked with the relevant ISIN.

(b) Italian Securities

If the Securities are specified in the Product Terms to be Italian Securities, the Securities will be dematerialised and centralised with Monte Titoli S.p.A., pursuant to Italian legislative decree no. 213/1998 as subsequently amended. Notice of any appointment, or termination of appointment, or any change in the specified office, of any Agent will be given to Securityholders in accordance with §16. Each Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Securityholders. Any calculations or determinations in respect of the Securities made by an Agent shall (save in the case of manifest error) be final, conclusive and binding on the Securityholders.
- (2) **Definitions in respect of §8 and, if applicable, other Conditions:**
 - (a) "**Agent**" means, subject to §8 para. 1, Deutsche Bank AG, acting through its principal office in Frankfurt am Main and through its branch office in London (Deutsche Bank AG London).

§9 Calculation Agent

(1) Role of Calculation Agent, Issuer Determinations and Corrections

Unless otherwise stipulated in the Conditions, all calculations and determinations required by the Conditions shall be made by the calculation agent (the "**Calculation Agent**" which expression shall include any successor calculation agent).

The Issuer shall be the Calculation Agent in respect of the Securities, unless the Issuer decides to appoint a successor Calculation Agent in accordance with the provisions below.

The Issuer reserves the right at any time to appoint another institution as the Calculation Agent, provided that no termination of appointment of the existing Calculation Agent shall become effective until a replacement Calculation Agent shall have been appointed. Notice of any such termination or appointment will be given to the Securityholders in accordance with §16.

The Calculation Agent (except where it is the Issuer) acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Securityholders.

Any calculations or determinations in respect of the Securities made by the Issuer or the Calculation Agent shall be made in good faith and in a commercially reasonable manner and shall (save in the case of manifest error) be final, conclusive and binding on the Securityholders.

Subsequent to any calculation or determination by the Calculation Agent in respect of the Securities, any subsequently published corrections in respect of any value or price of a Reference Item used by the Calculation Agent in respect of such calculation or determination shall only be taken into account by the Calculation Agent to the extent that it is published within the Correction Period specified in the Product Terms or, if earlier, the day on which a payment or delivery is to be made, the amount of which is determined in whole or in part by reference to such value or price of the Reference Item.

The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

(2) Determination by Calculation Agent

In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent and any Agent shall have any responsibility for any errors or omissions in the calculation of any amount payable hereunder or in any other determination pursuant to the provisions hereof.

§10 Taxation

In addition and without prejudice to the provisions of §2(5), the Issuer shall not be liable for or otherwise obliged to pay any tax, duty, charge, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of the Securities, and all payments made by the Issuer shall be made subject to any tax, duty, charge, withholding or other payment which may be required to be made, paid, withheld or deducted.

§11 Presentation Period and Limitation

Any payments will, subject as provided below, be made in the manner provided in §3 and otherwise in the manner specified in the Global Security, if applicable. Where the Securities are specified in the Product Terms to be Notes, payment shall be made against presentation or surrender, as the case may be, of the Global Security, if applicable, at the specified office of any Agent. A record of each payment made will be made on the Global Security by the relevant Agent, if applicable and such record shall be prima facie evidence that the payment in question has been made.

Each of the persons shown in the records of a Clearing Agent as the holder of a particular number or nominal amount of the Securities must look solely to the relevant Clearing Agent for his share of each such payment so made by the Issuer to, or to the order of, the holder of the Global Security or the relevant Clearing Agent, as applicable.

If the Governing Law is specified, in the Product Terms, to be English Law, any claim to receive payments under the Securities, will become void unless the Global Security has been presented or the claim otherwise made in accordance with these Conditions within a period of five years (in relation to the payment of any Coupon Amount) and ten years (in relation to the payment of any other amount), in each case, after the Relevant Date therefor. As used herein, the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the relevant Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Securityholders in accordance with §16.

If the Governing Law is specified, in the Product Terms, to be German Law, the presentation of the Global Security, if applicable, takes place by way of surrender of the respective co-ownership units of the Global Security to the account of the Issuer at the Clearing Agent. The time limit for presentation pursuant to section 801 subsection 1 sentence 1 of the German Civil Code relating to securities being payable has been reduced to 1 year. Any claim to receive payments under the Securities, which has been presented within the period, will become time-barred after a period of two years starting at the end of the time period for presentation and four years in relation to the payment of Coupon Amounts starting at the end of the relevant time period for presentation.

- (a) the Issuer fails to make any payment or perform any delivery obligation in respect of the Securities within thirty (30) days of the relevant due date after the Principal Agent has received notice thereof from a Securityholder; or

(1)(b) above, any notice declaring Securities due shall, unless at the time such notice is received any of the events specified in para (1)(a), (c) or (d) entitling Securityholders to declare their Securities due has occurred, become effective only when the Issuer has received such notices from the Securityholders accounting for at least one-tenth of the total number or nominal amount of Securities of the relevant series then outstanding.

Notice of any such modification will be given to the Securityholders in accordance with §16 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

The Issuer may exercise the above discretion for the reasons or in the circumstances described above (i.e. in order to maintain or preserve the intended commercial purpose of the Conditions and/or the applicable Final Terms or if such modification does not materially adversely affect the interests of the Securityholders or is of a formal, minor or technical nature or is intended to correct any errors or defective provisions in the Conditions and/or the applicable Final Terms). In each of these cases the Issuer will first satisfy itself that the exercise of the discretion is reasonably necessary and it will consider if there is any reasonable alternative which would not incur additional material costs for the Issuer and/or its Affiliates. Following any modification pursuant to this §18, the Issuer may at its discretion amend and restate the applicable Final Terms.
